Investigations

Overall impression now and future needs:
Patient was reviewed today in my clinic, and his injury condition has stabilized and has become final in nature and character, as a result of the traffic accident that the patient experienced on the aforementioned date and we state the following:

Diagnosis

1. He cannot carrying weights on the right hand, also he is suffering from limited movement.
2. Avoid weight bearing, aggressive movements, lifting heavy objects and or to do sportive activity.
3. According to the current consideration of the above finding his disability considered the power of his right upper extremity.
